

Birdseye view - Student SISO timeline

Access: [Dashboards](#) > [Boarder Summary](#) > [SISO](#)

When viewing a student's SISO timeline in the Boarder Summary Dashboard you can identify all other students that were at a location at the same time as the student.

Click on the **birdseye icon** for any individual location to see which other students had signed into that location within 10 minutes of the student you are viewing.

The screenshot displays the 'Boarder Summary' dashboard for Karen Biggs. The main section is the 'SISO Record', which shows a vertical timeline of the student's movements. Each entry includes a date, device ID, a location name, and a time. A red circle highlights a 'birdseye icon' on the 'LOCAL SHOPS 04:59' entry. A callout box titled 'Boarders at this Location' lists other students who were at that location within 10 minutes: Casey, Nicola; Caspers, Julie; Cerruto, Karen; Cheung, Yiu Man; Ching, Sarah; and Christensen, Michael.

Date	Device	Location	Time
22/01/2020	49.196.41.91	LOCAL SHOPS	04:59
16/01/2020	203.59.75.14	BOARDING HOUSE	12:25PM
16/01/2020	203.59.75.14	REGIONAL SPORT	12:23PM
16/01/2020	203.59.75.14	REGIONAL SPORT	12:16PM
16/01/2020	203.59.75.14	BOARDING HOUSE	12:16PM
16/01/2020	114.198.3.186	LOCAL SHOPS	07:09AM
